*The term precertification here means the utilization review process to determine whether the requested service, procedure, prescription drug, or medical device meets the company’s clinical criteria for coverage. It does not mean precertification as defined by Texas law, as a reliable representation of payment of care or services to fully insured HMO and PPO members.

**Not all plans are offered in all service areas. Precertification is required when Aetna is secondary payer.

***A total length of stay of 3 days or less for vaginal deliveries. A total length of stay of 5 days or less for a cesarean section.

†All services deemed “never effective” are excluded from coverage. Aetna defines a service as “never effective” when it is not recognized according to professional standards of safety and effectiveness in the United States for diagnosis, care or treatment. Visit the secure website, available through www.aetna.com, for more information. Select “Claims,” “CPT/HCPCS Coding Tool,” “Clinical Policy Code Lookup.”
For the following services, call 1-866-503-0857 or fax applicable request forms to 1-888-267-3277
