Amounts paid toward the deductible apply toward the out-of-pocket maximum.

4. See plan specific EOC for information on preventive services.

5. The pediatric dental out-of-pocket maximum is \$1,000 for a family with one child and \$2,000 for a family with 2 or more children.

6. Copay/Coinsurance waived if seen by nurse or in an out-patient setting.

7. Family deductibles and out-of-pocket maximums are equal to 2 times the individual values. Except for high-deductible health plans (HDHPs) linked to Health Savings Accounts (HSAs), in a family plan, an individual is responsible only for the single out-of-pocket deductible and a single out-of-pocket maximum amount. Cost sharing payments (deductibles, copayments, and coinsurance, but not premiums) for essential health benefits made by each individual apply to the deductible and out-of-pocket maximum. However, cost sharing payments made for non-emergent out-of-network services that are not plan-authorized exceptions do not apply to the family deductible or out-of-pocket maximum. The family deductible amount may be satisfied by any combination of individual deductible payments, after which member copays or coinsurance apply until the family out-of-pocket maximum is reached. Once the family out-of-pocket maximum is reached, the plan pays all costs for covered services for all family members. Under HDHP HSA plans, each family member is responsible for an individual deductible equal to the "self-only" or "single" enrollment amount or \$2600 (the IRS minimum deductible for family HSA-eligible plans), whichever is greater, until the family as a whole meets the family deductible. Medical or prescription services may be subject to a deductible as indicated within each benefit plan's services listing. The member must pay for these services when services are rendered until the deductible is met in that plan year. Charges for services subject to a deductible are based on SHP's contracted rate with the provider of service.

8. Cost sharing amounts for all in-network services, including those applied to a deductible, accumulate toward the out-of-pocket maximum.

9. Member cost sharing for oral anti-cancer drugs shall not exceed \$200 per prescription per 30-day supply. For HDHP plans, this applies after the deductible has been met. Copays apply per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. A 100-day supply is available, at twice the 30-day copay price, through the mail-order pharmacy. Specialty medications are only available for a 30-day supply. Prescription drug deductibles and copays contribute toward the plan year medical out-of-pocket maximum.

10. Sexual dysfunction medications are subject to prior authorization, have a 50% cost share, and are limited to 8 doses per 30-day supply.

11. Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.

12. Standard: 1 pair per year; Monthly: 6 pair per year; Bi-Weekly: 6 pair per year; Dailies: 1 month supply per year.

13. Non-specialist Practitioner office visits includes Therapy Visits, other office visits not provided by either Primary Care or Specialty Physicians or not specified in another benefit category. Member cost-sharing will be charged as a separate copay from a preventive service during an office visit.

14. Maximum member responsibility.

15. Inpatient Mental/Behavioral Health/SUD Services include: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; Substance Use Disorder Transitional Residential Recovery Services in a non-medical residential recovery setting; Substance Use Disorder Treatment for Withdrawal; inpatient Behavioral Health Treatment for Pervasive Developmental Disorder (PDD) and autism.

16. Mental/Behavioral Health/SUD Other Outpatient Services include: mental health psychological testing; mental health outpatient monitoring of drug therapy; Substance Use Disorder Treatment for Withdrawal; day treatment such as partial hospitalization and intensive outpatient program; outpatient Behavioral Health Treatment for Pervasive Developmental Disorder and autism.

- Benefits apply to prescriptions filled at participating pharmacies. Please see plan specific COI for non-participating pharmacy benefits.
- See plan specific COI for information on preventive services.
- Limited to 100 4-hour visits per year.
- Amount listed is maximum paid by Anthem.
- Classified specialty drugs must be obtained through Anthem's Specialty Pharmacy Program and are subject to the terms of the program.

* All services are subject to the deductible unless otherwise stated.

- See plan specific EOC for information on preventive services.
- Individuals enrolled in a family plan will reach the annual deductible or out-of-pocket maximum if the member meets the individual deductible or out-of-pocket maximum amount or any combination of enrolled family members meets the family deductible or out-of-pocket maximum amount, whichever comes first. Amounts paid toward the deductible apply toward the out-of-pocket maximum.
- The pediatric dental out-of-pocket maximum is \$1,000 for a family with one child and \$2,000 for a family with 2 or more children.
- DHMO Basic Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.
- DHMO Major Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.
- Copay/Coinsurance waived if seen by nurse or in an out-patient setting.
- Family deductibles and out-of-pocket maximums are equal to 2 times the individual values. Except for high-deductible health plans (HDHPs) linked to Health Savings Accounts (HSAs), in a family plan, an individual is responsible only for the single out-of-pocket deductible and a single out-of-pocket maximum amount. Cost sharing payments (deductibles, copayments, and coinsurance, but not premiums) for essential health benefits made by each individual apply to the deductible and out-of-pocket maximum. However, cost sharing payments made for non-emergent out-of-network services that are not plan-authorized exceptions do not apply to the family deductible or out-of-pocket maximum. The family deductible amount may be satisfied by any combination of individual deductible payments, after which member copays or coinsurance apply until the family out-of-pocket maximum is reached. Once the family out-of-pocket maximum is reached, the plan pays all costs for covered services for all family members. Under HDHP HSA plans, each family member is responsible for an individual deductible equal to the "self-only" or "single" enrollment amount or \$2600 (the IRS minimum deductible for family HSA-eligible plans), whichever is greater, until the family as a whole meets the family deductible. Medical or prescription services may be subject to a deductible as indicated within each benefit plan's services listing. The member must pay for these services when services are rendered until the deductible is met in that plan year. Charges for services subject to a deductible are based on SHP's contracted rate with the provider of service.
- Cost sharing amounts for all in-network services, including those applied to a deductible, accumulate toward the out-of-pocket maximum.
- Member cost sharing for oral anti-cancer drugs shall not exceed \$200 per prescription per 30-day supply. For HDHP plans, this applies after the deductible has been met. Copays apply per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. A 100-day supply is available, at twice the 30-day copay price, through the mail-order pharmacy. Specialty medications are only available for a 30-day supply. Prescription drug deductibles and copays contribute toward the plan year medical out-of-pocket maximum.
- Sexual dysfunction medications are subject to prior authorization, have a 50% cost share, and are limited to 8 doses per 30-day supply.
- Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.
- Standard: 1 pair per year; Monthly: 6 pair per year; Bi-Weekly: 6 pair per year; Dailies: 1 month supply per year.
- Non-specialist Practitioner office visits includes Therapy Visits, other office visits not provided by either Primary Care or Specialty Physicians or not specified in another benefit category. Member cost-sharing will be charged as separate copay from a preventive service during an office visit.
- Maximum member responsibility.
- Inpatient Mental/Behavioral Health/SUD Services include: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; Substance Use Disorder Transitional Residential Recovery Services in a non-medical residential recovery setting; Substance Use Disorder Treatment for Withdrawal; inpatient Behavioral Health Treatment for Pervasive Developmental Disorder (PDD) and autism.
- Mental/Behavioral Health/SUD Other Outpatient Services include: mental health psychological testing; mental health outpatient monitoring of drug therapy; Substance Use Disorder Treatment for Withdrawal; day treatment such as partial hospitalization and intensive outpatient program; outpatient Behavioral Health Treatment for Pervasive Developmental Disorder and autism.

5. The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.

6. When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services (except infertility services) for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.

7. In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.

† HSA Qualified High Deductible Plan

* All services are subject to the deductible unless otherwise stated.

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
2. The annual out-of-pocket maximum is the total amount that the member must pay for certain services in a calendar year.
3. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
4. Percentage copayment amounts are based on WHA's contracted rates with the provider of service.
5. See copayment summary for applicable prosthetic/orthotic device copayment amount.
6. See plan specific EOC for information on preventive services.
7. Limited to one pair of standard hard or six pairs of standard soft contact lenses instead of glasses.
8. Maximum member responsibility.
9. For Specialty drugs, please see plan specific EOC.
10. Benefits are limited to three (3) cycles or one (1) live birth per lifetime.

11. The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.
12. When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services (except infertility services) for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.
13. In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
14. Under a family contract, when an insured satisfies the individual deductible amount, no further deductible is required for that insured for the remainder of that calendar year, however, an insured may not contribute an amount greater than the individual deductible toward the family deductible.

* All services are subject to the deductible unless otherwise stated.

1. See plan specific EOC for information on preventive services.
2. Under a family contract, when an insured satisfies the individual deductible amount, no further deductible is required for that insured for the remainder of that calendar year; however, an insured may not contribute an amount greater than the individual deductible toward the family deductible.
3. Under a family contract, an insured can satisfy their individual out-of-pocket maximum; however, an insured may not contribute an amount greater than the individual maximum copayment limit toward the family maximum.
4. Limited to 100 4-hour visits per year.
5. Classified specialty drugs must be obtained through Anthem's Specialty Pharmacy Program and are subject to the terms of the program.
6. Evaluation only.
7. Maximum member responsibility.

8. Office Visits are per Member and combined for PCP, SCP, Retail Health Clinic Visit, Online Visit, Counseling (including Family Planning, Nutritional, Diabetes Education), Chiropractic/Osteopathic/Manipulation Therapy, Physical/Occupational Therapy, Speech Therapy, Cardiac Rehabilitation, Pulmonary Therapy, Acupuncture, Mental Health and Substance Abuse, and Telehealth. These Office Visits have a Copayment which applies to any combination of services for the first three visits during the Benefit Period. Starting with the fourth visit, you pay Deductible and Coinsurance instead of a Copayment. Always check the setting above to determine your payment responsibility for other services and Providers, if applicable. Benefits are based on the setting in which Covered Services are received. If the service is available (and you obtain the service) in a setting other than the one listed above, your Copayment/Coinsurance will be based on the setting in which you receive the service. Please see those settings to determine your cost share.
9. Deductible is waived for the first three visits combined.
