

Online HR Support *For Employers*

CaliforniaChoice offers you 24-hour access to an online HR Support Center — absolutely FREE as a part of the **Business Solutions Suite**.

You have access to critical state and federal employment laws and a database of over 2500+ questions and answers to common human resource issues. You can even download and customize Employee Handbooks, forms and job descriptions.

INCLUDED IN THE
Business Solutions Suite

The HR Support Center Offers You:

- Access to a document library with copies of Employee Handbooks, Company Policies, Job Descriptions, and HR Forms.
- The latest employment laws as well as details about laws that have been updated.
- Summaries of both State and Federal laws that affect employers.
- A database of questions and answers on subjects ranging from benefits and compensation, to labor relations and recruitment.
- Articles written by HR Professionals that will provide you with tips, information and best practices to help you better manage your business and employees.
- A glossary of commonly used HR terms and definitions.
- A compilation of tools and information specific to Leave of Absence, Hiring, Performance Management, and Termination.
- Great pricing on HR posters, books, and training videos.
- A subscription to the monthly e-newsletter *HR Advisor* that is designed to keep you aware of the most current HR best practices and legal changes.

HSA Resource Center

All members have access to the HSA Resource center at www.calchoice.com. Employees can learn more about HSAs, their advantages, how they work, and even calculate potential savings over time.

Health Savings Accounts (HSAs) are an important part of a Consumer-Directed Health Plan. Since their introduction, HSAs have created a lot of excitement but many consumers are still unsure of how they work.

As California's leading authority on employee choice benefits, CaliforniaChoice has created a website that provides useful tools and information to help you determine whether an HSA is right for you. You'll also find a comprehensive Provider Search, easy to use Rx Search, and registered members can also access Choice Outcomes – hospital comparison data for procedures and costs.

CaliforniaChoice wants to help you take charge of your healthcare and become a more informed consumer. Healthcare for the way we live.
