## PLAN DESIGN AND BENEFITS – POS Open Access 1935 (HDHP)

\*You may choose providers in our network (physicians and facilities) or may visit an out-of-network provider. Typically, you will pay substantially more money out of your own pocket if you choose to use an out-of-network doctor or hospital. The out-of-network provider will be paid based on Aetna's "recognized charge." This is not the same as the billed charge from the doctor.

Aetna pays a percentage of the recognized charge, as defined in your plan. The recognized charge for out-of-network hospitals, doctors and other out-of-network health care providers is a percentage (100 percent or above) of the rate that Medicare pays them.

You may have to pay the difference between the out-of-network provider's billed charge and Aetna's recognized charge, plus any coinsurance and deductibles due under the plan. Note that any amount the doctor or hospital bills you above Aetna's recognized charge does not count toward your deductible or out-of-pocket maximums.

This benefit applies when you *choose* to get care out of network. When you have no choice in the doctors you see (for example, an emergency room visit after a car accident), your deductible and coinsurance for the in-network level of benefits will be applied, and you should contact Aetna if your doctor asks you to pay more. Generally, you are not responsible for any outstanding balance billed by your doctors in an emergency situation.

### What's Not Covered

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are *generally not covered*. **However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased.**

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents, including costs of services before coverage begins and after coverage terminates.
- Cosmetic surgery.
- Custodial care.
- Dental care and dental x-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, (except for coverage for medically necessary routine patient care costs for Members participating in a cancer clinical trial).
- Hearing aids.
- Home births.
- Immunizations for travel or work.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services unless specifically listed as covered in your plan documents.
- Nonmedically necessary services or supplies.
- Orthotics.
- Over-the-counter medications and supplies
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies including therapy, supplies, counseling, and prescription drugs.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered in the plan documents.
- Treatment of behavioral disorders.
- Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, appetite suppressants and other medications; food or food supplements, exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including Morbid Obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions.

## PLAN DESIGN AND BENEFITS – POS Open Access 1935 (HDHP)

This plan imposes a pre-existing conditions exclusion, which may be waived in some circumstances (that is, creditable coverage) and may not be applicable to you. A pre-existing condition exclusion means that if you have a medical condition before coming to our plan, you might have to wait a certain period of time before the plan will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis or treatment was recommended or received or for which the individual took prescribed drugs within 180 days.

Generally, this period ends the day before your coverage becomes effective. However, if you were in a waiting period for coverage, 180 day lookback period ends on the day before the waiting period begins. The exclusion period, if applicable, may last up to 365 days from your first day of coverage, or, if you were in a waiting period, from the first day of your waiting period.

If you had prior credible coverage within 63 days immediately before the date you enrolled under this plan, then the pre-existing conditions exclusion in your plan, if any, will be waived.

If you had no prior creditable coverage within the 63 days prior to your enrollment date (either because you had no prior coverage or because there was more than a 63 day gap from the date your prior coverage terminated to your enrollment date), we will apply your plan's pre-existing conditions exclusion.

In order to reduce or possibly eliminate your exclusion period based on your creditable coverage, you should provide us a copy of any Certificates of Creditable Coverage you have. Please contact your Aetna Member Services representative at 1-888-702-3862 if you need assistance in obtaining a Certificate of Creditable Coverage from your prior carrier or if you have any questions on the information noted above.

The pre-existing condition exclusion does not apply to pregnancy or to a child under the age of 19. Note: For late enrollees, coverage will be delayed until the plan's next open enrollment; the pre-existing exclusion will be applied from the individual's effective date of coverage.

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee any results or outcomes. Consult the plan documents (i.e. Schedule of Benefits, Certificate of Coverage, Evidence of Coverage, Group Agreement, Group Insurance Certificate, and/or Group Policy) to determine governing contractual provisions, including procedures, exclusions and limitations relating to the plan. The availability of a plan or program may vary by geographic service area. Some benefits are subject to limitations or visit maximums. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Notice of the change shall be provided in accordance with applicable state law.

If your plan covers outpatient prescription drugs, your plan may include a drug formulary (preferred drug list). A formulary is a list of prescription drugs generally covered under your prescription drug benefits plan on a preferred basis subject to applicable limitations and conditions. Your pharmacy benefit is generally not limited to the drugs listed on the formulary. The medications listed on the formulary are subject to change in accordance with applicable state law. For information regarding how medications are reviewed and selected for the formulary, formulary information, and information about other pharmacy programs such as precertification and step-therapy, please refer to Aetna's website at [Aetna.com](http://Aetna.com), or the Aetna Medication Formulary Guide. Many drugs, including many of those listed on the formulary, are subject to rebate arrangements between Aetna and the manufacturer of the drugs. Rebates received by Aetna from drug manufacturers are not reflected in the cost paid by a member for a prescription drug. In addition, in circumstances where your prescription plan utilizes copayments or coinsurance calculated on a percentage basis or a deductible, use of formulary drugs may not necessarily result in lower costs for the member. Members should consult with their treating physicians regarding questions about specific medications. Refer to your plan documents or contact Member Services for information regarding the terms and limitations of coverage.

Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a subsidiary of Aetna Inc., that is a licensed pharmacy providing mail-order pharmacy services. Aetna's negotiated charge with Aetna Rx Home Delivery may be higher than Aetna Rx Home Delivery's cost of purchasing drugs and providing mail-order pharmacy services.
