# Premium Only Plan

A Section 125 Premium Only Plan (POP) allows your employees to pay their share of insurance premiums (health, dental, group life) on a *pre-tax* basis, and is available as part of the **Business Solutions Suite**.

 INCLUDED IN THE  
*Business Solutions Suite*

## Advantages:

- A POP allows your employees to pay their share of healthcare premiums with pre-tax dollars, allowing your employees to take home more money.
- When your taxable payroll decreases, you save money by reducing FICA and Workers' Compensation expenses.
- Because a POP will allow employees to stretch their income, it comes easier for them to assume a larger share of the premium or "buy-up" to the benefit design of their choice.
